MEGA-ARBEL COLLECTION

Mega-Arbel® pavers allow homeowners to create the perfectly integrated, natural-looking hardscapes they desire. Featuring a range of attractive natural hues to choose from, Mega-Arbel's scale is similar to natural flagstone—roughly two times larger than Arbel, its smaller counterpart. Plus, installation is easy—the amount of cutting required is reduced to a minimum due to Mega-Arbel's ingenious interlocking feature.

THE BELGARD GUARANTEE

BELGARD IS PROUD TO INFORM YOU that all of its interlocking concrete pavers meet or exceed the requirements of ASTM C 936. Belgard guarantees its products against manufacturing defects for as long as you own your home. It is recommended that a Belgard Authorized Contractor who guarantees their workmanship for 5 years install all the hardscape products. If the homeowner installs Belgard products utilizing Belgard installation guidelines, the product guarantee shall be for a period of 5 years from the date of the purchase. Color matching cannot be guaranteed and replacement labor is not included.

The guarantee does not apply to splitting, chipping, or other breakage that could be caused by impact, abrasion or overloading. Belgard's obligation is limited to supplying new material at no charge to replace the defective product. Installation cost remains the responsibility of the buyer. Belgard's lifetime guarantee on its pavers is intended for residential applications and will apply only for as long as you own your property. Use constitutes acceptance.
